CHAUTAUQUA CLOSED WITH LECTURE GIVEN BY HUMORIST COPE

Large Crowd at Maysville Chautauqua On Last Night to Enjoy Lecture Punctuated With Hearty Laughs.

There was a very large crowd at the Maysville Chautauqua on Monday evening—the last program of the week—to hear Herbert Leon Cope, humorist and philosopher, deliver his great lecture on "Family Remedies." In many respects, this was the greatest program of the whole week and those who were fortunate enough to hear Cope are still laughing at his funny remarks and reflecting on the philosophy couched in his humor.

The prelude by the Welsh Glee Singers was also greatly enjoyed. This company of singers and readers is indeed a good one and regarded by many as the best musical company on the entire program.

Whether or not Maysville will have a chautauqua for next year cannot at this time be answered. While there were considerably more than three hundred season tickets for next year pledged, it will take considerably more than this number to assure the gentlemen who have been guarantors for a number of years of the success of the undertaking. It has not as yet been decided what bureau will be given the contract for next year or whether an independent chautauqua will be attempted. All of these matters will be worked out in the near future and the public will be kept informed through the press. In the meantime there should be many more who will sign pledges to attend next year. These pledges may be signed at the Chamber of Commerce or any member of the chautauqua committee will be glad to take the pledges at any time in the near future.

ODD FELLOWS MEET TONIGHT.

The regular weekly meeting of De Kalb Lodge No. 12, I. O. O. F., will be held this evening at the hall in Second street and a full attendance of the membership is desired. BIG MOONSHINE RAID IN LETCHER COUNTY

Four Alleged Operators Arrested And Still of Great Capacity Captured.

S. J. Cornett, Federal prohibition agent, in a report to Chief Prohibition Agent Paul Williams at Lexington Monday, tells of the raiding of two illicit stills in Letcher county. Warrants were sworn out for the alleged operators, Madison Smith and Franklin Smith, in one case, and Wilson Hays and Fred Arnold, Jr., in the other, all of whom were arrested. The report says the accused men were held under \$500 bond each for appearance before U. S. Commissioner Samuel Collins at Whitesburg, July 24.

Both plants were destroyed, they being 55-gallon copper stills, along with ten 100-gallon fermenters, a 55-gallon fermenter, 100 gallons of beer, fifty gallons of singlings, ten barrels of mash, and five gallons of whisky in one still, and nine 55-gallon fermenters, one 250-gallon fermenter and 800 gallons of beer at the other.

The raids were conducted by Sheriff J. D. Tolliver.

About thirty of the Carlisle Masons were present and all enjoyed a great evening.

JAMAICA GINGER SALE ON STREETS TO BE BROKEN UP

Officials Pass Out Word That Sales of Intoxicants Used as Substitutes for Liquor Must Be Stopped—Evans Returned To Jail.

Frank Evans was before Police Judge John L. Whitaker this afternoon on a charge of being drunk and disorderly and he entered a plea of guilty. Judge Whitaker, before assessing the fine, asked Evans what he had used as an intoxicant and Evans replied that it was Jamaica ginger which he purchased from a negro on Market street. He did not know the man's name but said he knew his face and he was sent out on the streets with Officer McNamara to see if he could be located.

After parading the streets for some time he returned failing to find the peddler of the ginger. Judge Whitaker told the defendant that he was certain he knew the name of the peddler and that he would give him a little time to decide whether he had better tell the name or not. The Judge then ordered Evans to be returned to jail without fixing his penalty, there to remain until he could tell the name of the man who sold him the ginger.

Under the new state statute which became effective only last week, it is a very heavy penalty to sell Jamaica ginger or extracts as an intoxicant and Chief of Police Harry A. Ori said this afternoon that his department was going to break up the sale of extracts and drugs in Maysville and in order to do so the Police department expects to prosecute these cases to the limit carrying them to the Circuit Court. Interesting developments in this case may be expected and others will rapidly follow, the police officials promise.

CAMPMEETING EVANGELIST COMES FROM OHIO STATE

Rev. Harry Humble, of West Ohio Conference M. E. Church, Is Secured As Evangelist for Ruggles.

An announcement of unusual interest to those in charge of Ruggles Campmeeting, came this morning. It is that the noted evangelist Rev. Harry Humble, of the West Ohio conference has definitely contracted for the evangelistic work at the campmeeting. Rev. Humble has a reputation that is country-wide, for being not only a successful evangelist but one who is regarded by the church as safe and conservative—just the kind of preacher that pastors feel absolute confidence in. Rev. Humble will preach every night during the campmeeting and on the first Sunday. This makes up the entire program for the meetings, and all who go there to camp will look forward now to the beginning of campmeeting as a time for a great time spiritually as well as physically and socially.

MISS OOTEN DIED THIS MORNING FROM WOUNDS.

Miss Georgin Ooten 20, stenographer died Tuesday morning at the Miami Valley hospital, Dayton, O., from the effects of the bullet wounds inflicted last Thursday by W. C. Wyson, 65, decorative artist.

"It is a very regrettable affair," was Wyson's only comment when informed of the girl's death. He is held in the Dayton jail on a charge of murder. To others in the jail Wyson is said to have made the statement that Miss Ooten should have taken his advice to return to her family home in Danville, Ky., and marry her former sweetheart there.

The girl's body will be taken to Danville, Ky., for burial by her mother, who was constantly at her bedside until death came.

WIFE OF WEALTHY BROKER AND HER CHAUFFEUR DEAD.

New London, Conn., July 13.—A sensational tragedy came to light today when a Stonington farmer, hearing several shots found the bodies of a man and a woman lying on a lonely motor road near Stonington. The woman, Mrs. Arthur de Cordova, wife of a New York broker, was dead. The man, Bernard Geissler, 31, her chauffeur, was alive but unconscious. He was brought to a hospital here, where he died without regaining consciousness.

The theory of the police is that Geissler shot the woman and then himself, but Prosecutor Hewitt of New London county is not satisfied with that theory and proposes a searching investigation.

"RAISIN JACK" STILL FOUND ON FARM

Raid Monday Afternoon on Clermont County Farm Discloses Still And Liquor.

Duran Galusin, 38 years old, Mike Stayan, 22 years old, and Pra Tyrety, 39 years old, of Cincinnati, were arrested by three prohibition enforcement agents on a farm near Summerside, Clermont county, Ohio, yesterday afternoon. They were locked up at the First District Police Station last night.

The arrests were made following numerous reports that "raisin jack" was being sold to foreigners in the Mohawk-Brighton district. Investigation by the prohibition officers led them to the farm at Summerside.

In an isolated spot on the farm, secluded by trees and shrubbery, the officers say they found a forty-gallon still in operation. When the three men saw the officers approach they started to run, each fleeing in a different direction, according to the officers. After a short chase they were rounded up.

The still and 200 gallons of raisin mash found on the farm were confiscated by the officers.

WOMEN'S WORK UPHELD
BY REPUBLICAN SOLONS

Seventy-five Thousand Appropriated
To Make Bureau in Labor
Department Permanent.

Washington, June 30.—In order that the 12,000,000 women engaged in industry may be benefited, the Republican party just before it adjourned placed upon the statute books a law providing for the maintenance of a permanent women's bureau in the Department of Labor.

"We appropriate a good deal more for the hog cholera, the boll weevil and all such things, and it seems to me we ought to take care of the women who are employed," said Senator Kenyon, chairman of the Labor committee, in explanation of his bill.

"This is a bureau to study the problems of women wage earners. The thought of the women is that this legislation will give the bureau a status and a dignity and a standing which is in keeping with their rights and conditions in the country. Representatives were at the hearings who claimed that they spoke for 9,000,000 women in this country. The Woman's Voter's League, which has a tremendous membership, were represented and they felt that it would give the women an advantage to have the bureau made permanent."

Senator Kenyon was interrupted by a declaration that the children's bureau had started out with an appropriation of \$25,000 each year and that it had run up to \$400,000 a year.

"Does the Senator think," retorted Kenyon, "that the work the children's bureau is doing for the children of the country can be estimated in money? We appropriate a good deal more for the hog cholera, the boll weevil and all such things, and it seems to me we ought to take care of the children."

"The women's bureau will cost \$75,000 a year. In explanation of the bill, let me quote the language of the bill, which says: 'It shall be the duty of said bureau to formulate standards and policies which shall promote the welfare of wage-earning women, improve their working conditions, increase their efficiency, and advance their opportunities for profitable employment.'"

"That is the kernel of the bill—anything they can do to promote the welfare of wage-earning women. Here are some of the things they have worked out: The question of seats in industrial establishments, where there are thousands of women working; the question of toilets, of sanitation, of rest rooms, of drinking facilities; guarding against dangerous machinery; protection against dust; fire escapes, and hundreds of other things which enter into the welfare of the wage-earning women."

"This bureau has made studies at the request of various States, for instance, a study on wages and conditions of candy makers in Philadelphia; also as to the eight-hour day in Federal and state legislation; night work for women in various factories; women in the government service. They made a special investigation of the wage-earning women in the factories in Bridgeport, Conn. They also made a similar investigation at the request of the state of Virginia as to the hours and conditions of work for women in industries in Virginia. That is the general line of work which they have been doing. They have not had very large appropriation since the past up to this time; I think they have had only \$40,000. The general purpose of the bill is to help in all the problems that may affect at least 12,000,000 wage-earning women in this country."

DIES IN DASH OVER NIAGARA.

Niagara Falls, N. Y., July 12.—Charles G. Stephens, of Bristol, England, was killed Sunday when he went over the Horseshoe Falls in a barrel. The cask in which he made the trip, though built of stout Russian oak staves and bound with steel hoops, was smashed like an egg shell on the jagged rocks at the base of the cataract. Pieces of the barrel were picked up near the bank on the Canadian side, but Stephens' body has not been recovered. Rivermen say that it may not come to the surface for a week or ten days.

Stephens was 58 years old and has a wife and eleven children in Bristol, where he was a barber. He served three years in France with the British army. He had planned to make a lecture tour of England if his trip was successful.

The child had stolen a shotgun from the house. As he passed a door where his mother was sitting with an infant in her lap, she ran out to get the gun.

Just before she reached the boy, he discharged the gun, the full load striking his mother in the breast and killing her instantly.

Wyson, an artist and who was given several blood transfusions in an effort to save her life, was reported, Monday, at the Miami Valley hospital as being in a critical condition. Meadersville, Ky.—Mrs. Pearl Patrick, of this place, writes: "I was very constipated. I had sour stomach and was so uncomfortable. I went to the doctor. He gave me some pills. They weakened me and seemed to tear up my digestion. They would gripe me and afterwards it seemed I was more constipated than before. I heard of Black-Draught and decided to try it. I found it just what I needed. It was an easy laxative, and not had to swallow. My digestion soon improved. I got well of the sour stomach, my bowels soon seemed normal, no more griping, and I would take a dose now and then, and was in good shape."

I cannot say too much for Black-Draught for it is the finest laxative one can use."

Theodore's Black-Draught has for many years been found of great value in the treatment of stomach, liver and bowel troubles. Easy to take, gentle and reliable in its action, leaving no bad after-effects, it has won the praise of thousands of people who have used it.

Catarhal Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and the tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surface. Hall's Catarrh Medicine acts thru the blood on the mucous surface of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists. 75c.

It is like the dew of Hebron; it has the sweetness of Nectar, the sparkle of champagne, the aroma of a thousand flowers.

NEW SCHOOL LAWS TO BE DISCUSSED SATURDAY

Superintendents of Fourth Class Cities
Will Meet in Frankfort Saturday
To Discuss Yazell Bill.

Frankfort, Ky., July 12.—The new school laws relating to fourth class cities will be discussed at a meeting of county school superintendents of fourth class cities to be held here Saturday, July 17, at the call of Superintendent of Public Instruction George Colvin.

One feature of the new law provides that teachers in fourth class cities must have a certificate equivalent to a state certificate. This certificate may be secured through the City Board of Education or by special examination.

In order to secure a state certificate a teacher must have a high school education. Teachers without any certificates at all have been teaching in fourth class cities and in the future Superintendent Colvin says the law must be complied with regarding teacher's certificates. Other features of the law will be discussed.

RAILROADS CLAIM THEY NEED ENORMOUS SUM

To Advance Their Income to Six Per Cent. Basis Permitted By New Transportation Act.

Washington, July 12.—In presenting their application for freight rate increases, the railroads have contended before the Interstate Commerce Commission \$1,117,000,000 was necessary to advance their income to the six per cent. basis permitted by the new transportation act.

Shippers and state commissions have generally agreed that some advances were necessary, but they opposed both the total and the method of application.

Passenger rates, the carriers proposed, would be left unchanged and their program of advances, applicable over the country did not take into account any wage increases made by the railroad labor board.

The advances as proposed were: Eastern roads — 30.4 per cent., to yield an advance in all revenues of 21.1 per cent., or \$544,000,000.

Western roads — 23.9 per cent. to advance all revenues 17 per cent., or \$352,893,000.

Southern roads — 30.6 per cent. to provide 20.7 per cent. larger revenue, or \$120,770,000. (This includes Kentucky.)

Apart from these advances, thirty-eight roads in the Southwest asked separate treatment from the Western classification, and a rate increase of 32.8 per cent.

INSECT BITE FATAL.

Cincinnati, July 12.—William Gumpert, eleven months old, is dead here as the result of being bitten by an insect a week ago. The infant was playing on the floor of the kitchen when bitten. BRITISH REFUSE TO RE- TURN KENTUCKY FLAG

Flag of Kentucky Troops Captured at River Raisin Will Not Be Returned By British.

Washington, July 12.—The Kentucky Legislature recently made an appropriation to send an agent to London to obtain the battle flag captured from Kentucky troops at the river Raisin. John Buchanan, of Louisville, was intrusted with the task.

The State Department declined to issue a passport to him until it could be learned whether or not British authorities would give up the flag.

Today Senator J. C. W. Beckham's office received a letter from the Acting Secretary of State, giving the substance of a cablegram received from the Ambassador at London. The Ambassador says that he had been advised by the British Foreign Office that the Commissioners of the Royal Hospital at Chelsea, who have the flag in custody, "find themselves to be unable to accede to the request to return the flag."

THEO. KIRK SUES C. & O. RAILROAD.

Covington, Ky., July 12. — An echo of war days is a suit filed by Theodore H. Kirk, tobaccoist, of Lexington, in Kenton circuit court against the C. & O. railroad for \$16,597.62 damages alleged to be due for failure on the part of the defendant company to deliver, according to contract, several hundred hogheads of tobacco sent from Covington to Rotterdam, Holland. The petition alleges that the tobacco was turned over to the railroad company in June, July, August and September, 1915, and that it was held "an unusual and unreasonable time," at Newport News. The plaintiff avers that by reason of delay he was required to pay more than \$3,000 to the Bush Terminal Company for storage, drayage and hauling and recuperage.

ALLEGED BOOTLEGGER SLAIN.

Ashland, Ky., July 12. — Deputy Sheriff Edward E. Webb, of Lawrence county, this afternoon shot and killed Paul Wellman, of Catlettsburg, alleged bootlegger, after Webb had been wounded seriously by three bullets from the gun of the dead man.

The fight occurred at Catlettsburg, seven miles from Louisa, when the officer attempted to arrest Wellman on a warrant which charged a breach of the peace.

Wellman, it is alleged, had conducted an illicit liquor traffic in the Big Sandy territory for a number of months.
